

EXAMINATION SCHEDULE 2011-2012

Examinations will be in the same room where the course was held. The MWF and TR 8:00 sequences include courses which start at 7:35 or 8:35. Courses that fall outside of the times listed below will arrange examinations by mutual agreement between professors and students with respect to time and place.

Examination week is established by the faculty two years in advance, when the academic calendar for the year is enacted.

Core 1 and 2 exams take place when the discussion section has its two meetings in the same place, neither at the lecture time slot nor at the "skills" discussion period slot. It is best for students to check with their Core professor on scheduled exam times.

Core 5 and 6 have a common final which takes place in Shen Auditorium at the slot specified for the 10:00am MWF classes.
