Syllabus # Physics 122 Lab **Winter 2010**

Professor:	Roger Olson	**Phone:**	866-6295 (office)
Office:	Science 018	**Email:**	rogero@saintjoe.edu

Office Hours: To Be Announced, or by appointment
Lab Instructor: Jaime Gingerich
Lecture: Mon, Wed, Fri, 8:00 – 8:50 pm, in SCI 011
Lab: Mon or Wed 2–3:50 pm, in SCI 014
Website: www.saintjoe.edu/~rogero/physics122

The purpose of the laboratory portion of this course is (1) do 'hands-on' experiments to test the concepts discussed in lecture, and (2) work problems to apply these concepts. Please bring a scientific calculator and a pencil to all labs.

Grading: Your grade in lab will count for 150 points of your total Physics 122 grade. In addition, you *must pass the lab in order to pass the course*. Passing lab is defined as a 60% score overall. Your lab grade will be determined as follows:

Labs	90%
Participation	10%
TOTAL	100%

- **Labs**: Most labs will be completed and turned in at the end of class.

- **Participation**: Participation in lab is essential for you to learn the concepts. Letting someone else complete all the work will not benefit you. Therefore, your level of participation will be assessed during each lab session (+ / -).

Make-up Labs: Setup for each lab time consuming, therefore make-up labs will only be allowed in rare circumstances.

Excused Absences: Missed labs may occasionally be excused, for SJC sanctioned events or unavoidable reasons. Excused absence requests must be accompanied by documentation within *one week* of the absence.
